HOT WORK	20	10	6/19/2023	9/26/2024	0	<input type="checkbox"/>	Published

## Risk Assessment Module

In the new Risk Assessment module, you will now be able to insert all the activities with their corresponding Risks and Hazards. By inserting the recurrence settings you will be able to schedule all the Revisions and keep track of the past ones

# Digital Signature for the Forms

With the latest update you can get all the necessary signatures inside the Forms and Permit to Works. This feature will also be available on your In-Yacht Mobile App.

<https://vimeo.com/869187062/93e7d3239c?share=copy>

The screenshot shows a digital form titled "Familiarization - Deck Crew on 10/20/2023 4:38:11 PM by mario.rossi". It includes sections for "Safe use of Tenders", "Safe use of Jet Skis", and "Safe use of Toys and Inflatables". There are radio buttons for "YES" and "NO". A section titled "General operations" includes "Safe operation of gangways and passerelles". Below this are fields for "Approving Officer Signature" and "Crew Member Signature", each with a handwritten signature. A "Date" field is at the bottom, showing "10/20/2023".

The screenshot shows the In-Yacht mobile app interface. On the left is a "Records" sidebar with a list of items. The main area displays a "Familiarization - Deck Crew" form. It includes fields for "Crew name", "Master name", "Position", and "Date". Below these are sections for "DECK EQUIPMENT AND MACHINERY" and "HULL & RIG". The "HULL & RIG" section has a "Checklist" with items like "Check hull and rig", "Check deck and equipment", and "Check engine and machinery". The "Checklist" has radio buttons for "YES" and "NO".

## Print/Download of the Filled Forms

If you want to download the Form you submitted as PDF or keep a paper copy of it, you can now do it.

To do so simply head to the Records section of the Forms!

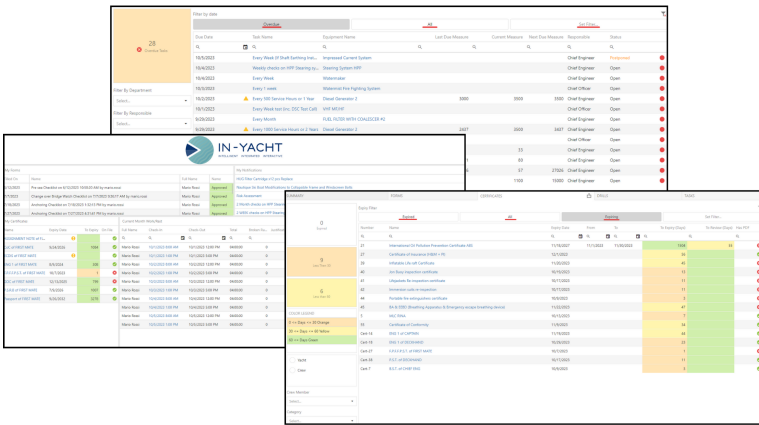

## Mobile App with upgraded features

The Expense section now presents a better and clearer layout, which will allow you to see what has been approved, rejected or is still in draft.

When performing a round, you can now benefit from detailed and easy-to-read instructions, TRY IT OUT ON OUR MOBILE APP!

The screenshot shows the "Expenses" section of the In-Yacht mobile app. It displays a list of expenses with columns for the item name, date, status, and amount. The items listed are: "Ship food" (20/10/2023, Approved, 573.0 €), "Charters" (20/10/2023, Approved, 2486.0 €), "Flower expense" (20/10/2023, Rejected, 143.0 €), "Flights" (20/10/2023, Draft, 5960.87 €), "Crew Insurance" (20/10/2023, Approved, 2580.0 €), "Agency" (20/10/2023, Approved, 3468.9 €), "Dockage Fee" (20/10/2023, Approved, 1857.0 €), "Harbour fees" (20/10/2023, Draft, 12745.0 €), "Wine for Guests" (20/10/2023, Approved, 4845.0 €), and "Consumable Deck" (20/10/2023, Approved, 1365.0 €). A blue "+" button is at the bottom right.

The screenshot shows the "Day Watch Round" form in the In-Yacht mobile app. It includes a "CLOSE" button and a "POSTPONE" button. Below these is a link "Click here for instructions". The form has a section for "Air compressor 1 INCREMENTAL [Bar]" with a "Last Measure Value" of 2.0 and a "Last Measure Date" of 06/07/2023. There is a "New Measure Value" field with a value of 2.6. A "NOT AVAILABLE" checkbox is at the bottom.

## New and updated Dashboards

Being the Home Page of In-Yacht extra attention was paid to the Dashboards which now have a clearer and more organised UI, this will make it easier to keep track of overdue Tasks as well as Expiring Certificates, Drills and Forms.

An updated Personal Dashboard will also be available to the rest of the Crew!
