## Statement of compliance for In-Yacht Fleet Management and Single Vessel Tool

Office: **Lloyds Register EMEA - Genoa and Trieste Office**

Date: **20 January 2025**

This Statement is issued to Marine Marine Tools Srl, via Garibaldi 12/8b, 16124 Genova, Italy, for the information of interested parties to indicate that the software "In-Yacht Management Tool" - release 2024, has been verified by the undersigned with the following scope:

- "In-Yacht Management Tool – Crew Module - Work/Rest Hours section" has been verified for compliance with standard A2.3 and guidelines B2.3 (Hours of work and hours of rest) of the Maritime Labour Convention, 2006 Title 2 Regulation 2.3 and STCW Convention (as amended) Section A-VIII/1 Fitness for duty, paragraph 2 and 3;
- "In-Yacht Management Tool – ISM Module - Drills section" has been verified for suitable use in managing mandatory drills in accordance with International Conventions (i.e. SOLAS, MARPOL etc.) with reference to ISM clause 8.2;
- "In-Yacht Management Tool – ISM module – Risk assesment section" has been verified for suitable use in managing and creating Risk Assessment for the activities on board, with reference to ISM clause 1.2.2.2;
- "In-Yacht Management Tool – ISM module – Certificates section" has been verified for suitable use in managing relevant Ship's Certificates status and expiration with regards to ISM clause 1.2.3.1.

The result of hard work, commitment and collaboration. We are proud for this recognition. Thanks to the customers who have placed their trust in us and who constantly support us. We are confident that this statement will have an impact for you in facilitating and streamlining the management of security and on-board inspections with the relevant authorities.
